His brother, Lander Meacham, who looked after his business during his illness, has resumed his own position with McGehee Bros. & Co. The roadworkers are giving the public roads here an overhauling. The Cadiz Railroad is now graded to a point opposite Montgomery. It will cross the Cadiz road below Montgomery.

## A FEW SHOTS FIRED.

Otherwise Things Are Quiet in the Hopkins County Mining Regions.

Reinecke Mines Start Up, But With Only Twenty or Thirty Men.

Madisonville, Ky., Sept. 21.—Everything is quiet here today. The Reinecke mines, which have been idle the past four days, started to work today with decreased forces. It is claimed that not more than twenty or thirty of the 250 hands returned to work. There was little or no effort made to prevent the men from going to work. Several shots were fired from the woods, a distance of 500 yards from the mines. One of the shots passed through the engine-house and struck within two inches of the engineer's head.

The union miners claim that these shots were fired by guards to create the impression that the strikers were resorting to intimidation again to keep the men away from the mines. Manager Bailey, of the Reinecke company, when told of the charge made by the union people, said it was ridiculous and absurd. The Reinecke Coal company issued circulars which were distributed over town, in which they stated that they proposed to operate their mines and would under no circumstances consider a compromise with the union men. The tone of the circular was defiant.

### More Shots Yesterday.

Madisonville, Ky., Sept. 23.—More disorder occurred this morning, shooting being indulged in and such feeling of uneasiness exists that Judge Nunn has asked the Governor to order troops called out. It is believed the Governor will act in the matter.

## BAD BLAZE.

Dangerous Fire in Forbes' Bro's Main Building.

Plant Saved By the Efficient Work of The Fire Department.

Hopkinsville had a very narrow escape Friday morning from a most disastrous fire. Fire was discovered at 1 o'clock in the second-story of the wagon department of Forbes & Bre, whose plant, a two-story brick, covers an entire block on Main street, between Tenth and Eleventh. When the night watchman turned in the alarm the flames were leaping from the window of the work room upstairs, on the corner of Tenth and Virginia. The fire company responded promptly and by hard work succeeded in confining the fire to the wagon department.

Fire walls through the building divide the various departments of the immense plant, the largest in Western Kentucky. The fire company did noble work, the firemen risking their lives again and again. The efficiency of the department and the plentiful supply of water finally won and the plant was saved with a damage of about \$10,000, which is almost covered by insurance. All of the valuable machinery and much partly finished work were destroyed.

A number of the expert mechanics in the factory lost their tools. The damage will be repaired as speedily as possible, as the wagon factory is stopped from business until more machinery can be obtained. Among the workmen who lost their tools were Sam Haden, Geo. W. Thacker, Ed P. Fears and J. W. Shadoin. None of them carried insurance.

### Died of Flux.

The little 3-year daughter of Mr. John Mason, of Bennettsburg, died last Thursday night of flux. The interment took place near Jordan Springs, Tenn., Saturday.

## TO FIGHT TRUST.

Clarksville, Hopkinsville, Paducah and Mayfield to Hold Conventions Oct. 5.

Farmers Called to Convene and Organize For Self Protection Against Tobacco Trust.

The Clarksville Leaf Chronicle has started the ball to rolling in an effort to organize the farmers of the dark tobacco district to fight the foreign tobacco trust that is seeking to destroy the tobacco markets of Kentucky and Tennessee. The following stirring call is issued:

We have been requested by quite a large number of prominent planters to publish a call for a convention of farmers to meet in Clarksville Saturday, October 5, and also to request planters favoring Hopkinsville, Paducah, Mayfield and other markets to co-operate with the Clarksville District in some organized method of protest to be agreed upon to protect the interests of tobacco growers against the recent organized Regie monopoly that seems to have in view the destruction of all competition and obtaining the present fine crop for about half value.

Many of these farmers have authorized us to sign their names to such a call; but that is unnecessary as we are assured that this sentiment is unanimous with the growers and that they will attend the meeting with fire in their eyes. We have delayed writing this call until pressed to do so, hoping to get some expression from the trade that would give encouragement to this movement. But in this we have accomplished nothing; the trade is more demoralized than the farmers, and like Lazarus, they are all lying at the gate, each one hoping to catch a few crumbs from the trust table. They distrust the farmers, having no faith that the planters will organize to protect themselves, and therefore nothing can be done. Well, something can be done (there is a spark of manhood and courage in our people. Let the farmers meet together in force and show their teeth, and something will be done that will advance the price of tobacco from two to three dollars per hundred, and that's worth the effort. If the trade will not come to the help, then the banks will be forced to lend assistance, or keep their money and live on big trust deposits of three per cent. money, and the pleasure of paying out on five cent tobacco instead of lending their own capital on seven and eight cent tobacco. In fact, not only the banks have and the bankers are in a bad way, but the entire trade have become aroused over the situation, while the farmers and laborers cannot see their way out of this winter. The future of the tobacco trade is shrouded in still deeper gloom. Some people have not seen through the trust light, and argue that the situation is no worse than it has been, and the trust can't buy all the tobacco, anyway.

That may be true, but it is also certain that every man who buys on his own account, independent of any organization, will be forced to sell to the trust less than cost, no matter how cheap he may buy it, and then the next year he will be out. Neither dealers nor farmers, bankers nor merchants need deceive themselves by optimistic views on this matter. The trust organization is complete—it has been all along—and the competition which was asleep and is now in shape to control, not only Italy, but Bremen and the entire foreign trade, including the United States, which requires 12,000 hogheads.

It is worth something to the farmers to maintain the auction tobacco markets and competition, which keeps prices up, if it does help the middle man. When these markets are broken down and the trade scattered to the country, this great trust will have business all its own way, without competition and will rob farmers of millions of dollars every year. It is worth something to maintain intact this great trust, and farmers were never before put under such a ban of necessity for organized action for self-protection as now, and they will, in self-defense, be compelled to organize just as the cotton planters were, who are now getting rich. So, one and all, attend these conventions, take some action, and send greetings to the Virginia growers who meet soon in Richmond.

Every word of coal bought from me will be weighed.

### CANDIDATES FOR SENATOR

Opened Their Campaign at Mayfield Yesterday.

The Democratic campaign for United States senator was formally opened yesterday at Mayfield, Mason county among the four senatorial candidates spoke from the same platform. While all the candidates have made previous speeches, the meeting was the first at which all agreed to speak.

When the state central committee met at Frankfort some days ago Congressman Charles K. Wheeler and D. H. Smith, ex-Gov. James B. McCreary and Judge James E. Cantrell signed a paper agreeing to speak in each one of the senatorial districts in the state. Mayfield was decided upon as the place for their first appointment, and Paducah, Mr. Wheeler's home city, was made the last on the list.

According to this program, the four candidates will be kept busy from now until the election in November and the voters throughout the state will have an opportunity to hear each of them.

### FORTUNE IN CASH.

President McKinley Left About \$50,000 or \$70,000 to His Wife, With Hanna as Executor.

New York, Sept. 18.—A Washington dispatch to the Herald says: "President McKinley has left a fortune of not more than \$70,000, and at least \$50,000 of that is in the form of cash, which is in the hands at Washington and Canton.

"His fortune, except \$12,000, has been accumulated since he was first inaugurated President. His fortune is left entirely to his wife. It is understood that Senator Hanna is made executor and is given charge of the income. It cannot be told exactly how much life insurance the President carried."

Boer Kitchener's threat to shoot  
prisoners of war after the 15th  
inst. has probably not been carried  
out. On the 17th the plucky Boers  
captured several hundred of the  
British and are prepared to do a  
little shooting themselves when the  
massacre of prisoners begins.

The President has appointed Col.  
James M. Bell, Eighth cavalry,  
and president of the Military Board  
of Review, to be a Brigadier General,  
vice Brig. Gen. Ludlow, deceased.  
Gen. Bell will retire about October  
1st, thus leaving a vacancy for an  
other appointment.

sumed its sittings at Washington  
Saturday and several witnesses  
were heard. Admiral Higginson  
expressed an opinion unfavorable  
to Schley in response to a question  
from the court and a lively argu-  
ment ensued, the court withdrawing  
on question.

**An Ancient Foe**  
To health and happiness is so-called  
as ugly as ever since time immemorial.  
It causes blemishes in the neck, dis-  
figures the skin, inflames the mucous  
membrane, weakens the muscles, weak-  
ens the bones, reduces the power of  
resistance to disease and the capacity  
for recovery, and develops into con-  
sumption.

A woman appeared on the left side of  
my neck. It caused great pain, was it-  
terrible, and I went into a general  
decline. I was persuaded to try  
Hood's Sarsaparilla, and when I had taken  
six bottles my neck was healed, and I have  
never had any trouble of the kind since."

manently, as they have rid thousands.

The News-Democrat one of the  
strongest dailies in the State out-  
side of Louisville. The daily will  
still be an afternoon paper.

Gov. Beckham is being severely  
censured for commuting the death  
sentence of a murderer named Holly  
Strutton. The Louisville Critic  
clashes a strong editorial with these  
words: "When the knife ceases to be  
the arbiter of every petty con-  
tention, when the pistol ceases to be  
the court of last resort; when the  
professional assassin ceases to be  
regarded as a hero, and when the  
pistol ceases to be the court of last  
resort; when the professional  
assassin ceases to be regarded as a  
hero, and when judges, juries and  
governors will be found brave  
enough to do their duty, then, and  
not until then, will Kentucky take  
its place among civilized commu-  
nities."

The coming season of The Century  
Magazine will be "A Year of  
American Humor." Contributions  
have already been engaged from  
the best known American writers of  
humorous stories and sketches, in-  
cluding Mark Twain, F. P. Dunne  
("Mr. Dooley"), Frank R. Stockton,  
Oliver Herford, George Ade, Ed-  
ward W. Townsend ("Chimney  
Padden"), Ruth McEnery Stuart,  
Gelett Burgess, Tudor Jenks,  
Charles Battell Loomis, Joel  
Chandler Harris and others. At-  
tention will be paid during the year  
to American humor of the past. In  
the November Century Professor  
W. P. Trent of Columbia University  
will write "A Retrospect of Ameri-  
can Humor," for the illustration of  
which The Century has procured  
portraits of nearly two score of the  
best known of the older humorists,  
including "Petroleum V. Nasby,"  
John G. Saxe, "Q. K. Phlauder  
Doesticks," "Sam Slick," and  
"Artemus Ward." There will be  
during the year a number of con-  
tributions from new humorous  
writers, and articles reminiscent of  
those of the past.

**BACHELOR MAIDS**  
Will Surrender Their Charter and  
Quit Business.

The two principal social organi-  
zations of the city, the "As You  
Like It" and the "Bachelor  
Maids," have been consolidated.  
The difficulty of keeping the mem-  
bers of the latter organization  
eligible to remain, had a good deal  
to do with the move.

There were sixteen members of  
the As You Like It Club, nearly all  
married. The Bachelor Maids  
had twelve members, but several of  
them were unwilling to pledge  
themselves to remain "bachelors."

**He Owes His Life to the Fore-  
thought of a Companion.**

While on a camping trip in Web-  
ster county, Mr. S. I. Stump, of  
Normantown, W. Va., had a severe  
attack of bloody cholera. He says: "I  
firmly believe that I owe my life to  
the forethought of one of the com-  
pany who had taken along a bottle  
of Chamberlain's Colic, Cholera and  
Diarrhoea Remedy." Moral—Pro-  
cure a bottle of this remedy before  
leaving home. It cannot be ob-  
tained when on a hunting, fishing  
or prospecting trip. Neither can it  
be obtained while on board the cars

without it. For sale by all drug-

**Cured of Chronic Diarrhoea After  
Thirty Years of Suffering.**

"I suffered for thirty years with  
diarrhoea and thought I was past  
being cured," says John S. Hall-  
way, of French Camp, Miss. "I  
have spent so much time and money  
and suffered so much that I had  
given up all hopes of recovery. I  
was so feeble from the effects of the  
disease that I could do no kind of

### Louisville's Big Day.

All Kentucky will be in Louisville on Sept. 26th, which has been set apart as "Kentucky Day," and a special and elaborate program will be prepared for the occasion. Gov. Beckham has been asked and will be present with his staff on that day, together with other State, county and city officials.

Special excursion trains are to be run from every section of the State, and a very low rate of fare has been made for the round trip. Mr. W. A. Barry, Chairman of the Publicity Committee, states that in his opinion there will be in the neighborhood of 200,000 people in Louisville on that day. On that day Aberdeen Angus and Short-horn cattle will be shown, and appointment clauses, and high school horses and gaited saddle horses, Jacks and Jennys, Duro-Jerseys and Chester White hogs, and South-down sheep will be the live stock exhibits. In addition there will be the usual exhibition of farm machinery, and the young women of the Midway will put on their most pleasant smile and will give their best efforts in making the stay of Kentuckians pleasant. The Executive Committee is especially proud of the Midway, and every show will be found full of unexpected surprises. The German Village will be enlarged on that day, and abundance of wet goods will be kept on hand for those who want them. On that day a League of Commercial organizations of the States of Kentucky, Indiana, Ohio, Tennessee and West Virginia will be formed whose object will be to build up the Commercial affairs of each State. Kentucky has a number of up-to-date Commercial organizations, and they will doubtless accept this opportunity to meet and discuss plans for the future mutually beneficial. The meeting will be held at the Board of Trade on the morning of Sept. 26th, and the afternoon will be spent at the Fair and on the Midway.

Entries to the Short-horn and Hereford classes have closed, and while the names have not been made public, it can be stated that each and every one is well filled, and the cattle exhibits will be the most complete Kentucky has ever seen. A great many entries from Canada have come in, and they include some of the best Canadian breeds that have won premiums all of the largest fairs.

I have opened a coal yard on the corner of 7th and R. R. streets and would like to sell you some coal.

### SOUTH CHRISTIAN.

Beil, Ky., Sept. 19.  
Although news is a little scarce in our town, we will endeavor to give you a few items of interest.

Miss Margaret Riven went to Clarksville Monday. Miss Mary Batts accompanied her to Clarksville and went from there to Nashville.

The Sunday School at this place will be organized next Sunday with Olney Wilkins as superintendent. We feel sure that it will prove a success with such a zealous gentleman in charge.

Miss Emily Williamson has opened the school at this place. Miss Williamson is an elegant young lady, and we are confident a better teacher could not have been secured.

Some of our most progressive farmers have finished cutting tobacco, but there are some who have not begun cutting yet. Generally the crop is very fine and the ones whose tobacco is late will probably be better off than those who cut early, if the frost does not come early.

### MOUNTED POLICE

Renowned for Their Bravery and Fighting Abilities With the Buffalo Bill Show.

When it is announced that Buffalo Bill's Wild West and Rough Riders are to appear here on Friday, October 4th, and that of the new additions to the exhibition is a detachment of the Canadian Mounted Police, it must not be construed that they are anything like the mounted forces of the large cities throughout the United States. They are warriors and have just been among those of the late Queen Victoria's subjects in the war with the Boers.

This is the first time that these men have been induced to leave their Canadian homes, and they will be seen in their own style of riding, drill and sports. These police have for years enjoyed the distinction of being a terror to the Indians with whom much trouble was experienced a few years ago. So determined were the police to either exterminate the Indian, or subdue him to a peaceful state, that in many of the battles hundreds were killed. The Mounted Police became famous, and the same uniform, the same as was worn on the Canadian frontier, will be seen in the arena when the exhibition comes here. These men have all received special medals for bravery and services rendered the English Government. Some of the drills participated in by these men will be a revelation to the American public.

Will show here October 4th.

### UNQUESTIONABLE GENIUS

And Has Won Fame Throughout Two Continents.

In commenting on Miss Gielow, who appears at Holland's Opera House on the evening of September 30, the Birmingham News says: "Nathasha S. Gielow has unquestionable genius. Every Southerner is proud of the Alabama woman, who has won fame throughout two continents. Her prose and her verses are simply delicious, and her recitation of them intensely fascinating. Her voice is soft and round and of the widest range—its melody lingers long in the listener's ear. Young, handsome, magnetic and ambitious, a great career is before her. Those who were present in Seale's Hall last night enjoyed, and those who were absent missed a royal treat—one of the most delightful entertainments, dramatic or musical, in the amusement history of Birmingham."

I guarantee both quantity and quality of my coal.

### MEN WERE DECEIVERS EVER.

The Clerk's Explanation of the Solid Alligator-Skin Satchel.

He was a hard-working fancy dealer of Bristol, and he had ram-raided the whole shop in his efforts to please an old lady who wanted to purchase a present—"anything real nice"—for her granddaughter.

For the fifteenth time she picked up and critically examined a neat little satchel.

"Are you quite, quite sure that this is genuine alligator skin?" she inquired.

"Positive, madam," quoth the dealer. "I shot that alligator myself."

"It looks rather soiled," said the lady.

"That, madam, is where it struck her ground when it tumbled off the tree.—London Answers.

A Strange Circular.

A strange circular has just been issued to the signalmen on a Russian railway, forbidding them to go to sleep lying on the rails. One would hardly imagine that the temptation to do so would prove overpowering, but it appears that the signalmen feel that they have to sleep somewhere, and they labor under the delusion that the vibration of an approaching train will waken them up, a mission which it frequently fails to fulfill.

### Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys every three minutes.

The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Fat, acid, rheumatism, come from excess of uric acid in the blood, due to neglected kidneys.

Kidney trouble causes quick or uneasy heart beats, makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmor's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on a merit basis by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmor & Co., Birmingham, N. Y.

### FIRST DRAMA

Of the Season at the Opera House Tuesday, Oct. 1.

"At Valley Forge," the latest Colonial drama and what is said to be the best effort of the well-known author, Mr. Wm. L. Roberts will be the attraction at the Opera House for October 1, and from the excellent satisfaction which the play is reported as having given elsewhere, it surely must not alone a thoroughly meritorious dramatic work but a positively enjoyable production from every standpoint. The play itself is a charming love story set in an atmosphere of Washington's time, in and around Trenton and Old Valley Forge. The scenic environment is reported as being elaborate and complete in detail and the costumes gorgeous in color and absolutely correct as to period. The cast has been selected with the utmost care as to the requirements of the play, and among the names are to be found many well-known players, as Mr. Wm. L. Roberts and Miss Olive Martin heading the list.

### CALVIN CHOSEN.

Will Take Prof. Renshaw's Place on Democratic Fusion Ticket.

A Democratic fusion convention was held yesterday afternoon, pursuant to call, to fill the vacancy on the county ticket caused by the inability of Prof. F. H. Renshaw.

Geo. V. Green was elected chairman and Thos. C. Underwood, secretary. Prof. Jas. M. Calvin was placed in nomination by Prof. F. H. Renshaw and unanimously nominated. He was unable to be present, but accepted by telephone. The convention also to remove technical objections and to be on the safe side, again nominated the candidates for County Judge and for Justices and Constables, previously nominated by the committee.

The new nominee for School Superintendent is a self-made young man of fine qualifications. He is a Democrat, is 26 years old and has held a state certificate for two years, with probably the highest grade of any candidate ever nominated in the county by any party for the office. He has taught school for four years and is at present teaching the Beverly School.

There are about 20 varieties of cocoa known to commerce—some of them of a light brown color while some are very dark, which accounts in a measure for the different colored products; though copidity has suggested many dishonest devices for altering the original color as well as to increase the quantity.
